# WHISKEYS

## BARTENDER'S CHOICE

### MIDLETON VERY RARE

€26.50

Midleton Very Rare is Ireland's most exclusive whiskey. Only a small number of casks of the finest distillates are hand selected by the master distiller at The Midleton Distillery each year. The distillery is situated in Midleton, less than 20 minutes from here

### METHOD & MADNESS SINGLE POT

€9.00

A single pot still whiskey aged in chestnut casks, a combination of what we've always done in Midleton, and what we've never tried before. It's not often we stray from the traditional oak, but one sip suggests it was well worth the deviation

### REDBREAST 15 YEAR OLD

€15.70

A sumptuous single pot still whiskey, with a great degree of ageing, Redbreast 15 is richer, earthier & stronger than its 12 year old sibling, an essential part of any whiskey-drinker's education

### YELLOW SPOT

€12.00

The recreation of an old brand, the pot still content in Yellow Spot is medium weight, similar to Green Spot, but aged for at least 12 years; drawn from three types of casks: ex-bourbon, sherry & Malaga casks that held Pedro Ximenez wine. These casks add a good bit of weight, body & flavour, adding additional dimensions

### POWERS 'JOHN'S LANE' SPECIAL RELEASE

€13.00

A revival of old style Powers once made at the old distillery at Thomas St, Dublin, this no-age statement release, has been aged predominantly in ex-bourbon casks, with a small amount of ex-Oloroso sherry barrels

# GIN S

## BARTENDER'S CHOICE

### THE MONTENOTTE GIN

€8.00

Our specially commissioned bespoke Montenotte Gin has a unique character & flavour with an impressive depth of woody, fruity & floral flavours to create this sophisticated botanical gin. A combination of elements, amongst other botanicals, fragrant lavender, robust rhubarb, punchy pink peppercorn & wild cardamom subtly infused to perfection by Blackwater Distillery, inspired by our Victorian Gardens.

### MONKEY 47

€13.00

An unusual gin from the black forest in Germany, Monkey 47 contains a unique ingredient; cranberries! The 47 comes from the number of botanicals that go into this unique gin & the fact it's bottled at a healthy 47%. This plethora of ingredients has paid off. In 2011 it won the world gold award in the gin category & gold for best in class for gin at the international wine & spirits competition. Not bad!

### DRUMSHANBO GUNPOWDER

€7.50

An Irish gin made with juniper, angelica, orris, caraway, coriander, meadowsweet, cardamom & star anise, as well as vapour infused oriental lemon & lime, fresh grapefruit & gunpowder tea; it's produced at the shed distillery, who are also making their own Irish pot still & single malt whiskeys

### HENDRICK'S

€7.90

Quirky producer Hendrick's make their pot-still distilled gin, using cucumber as one of the primary botanicals; this makes for a unique, tasty & incredibly refreshing gin

### SIPSMITH LONDON DRY GIN

€9.00

Produced in the workshop previously used by the late, great Michael Jackson (whiskey writer, not moonwalker), this super-small-batch artisanal gin is flavoured with restraint, making it easier for the natural quality of the spirit to shine through. Distilled in a marvellously compact pot still / column still combo named Prudence, Sipsmith epitomises distilling on a truly artisanal scale. At the time of her installation, Prudence was the first copper pot still to be brought to life in London for over 200 years
