# KEN BROWNE

## 'Landscape, A Journey'

Irish abstract landscape artist Ken Browne is exhibiting from February 1st, 2024, to July 30th, 2024, as part of The Montenotte's Artist in Residence programme in association with The Gallery Kinsale.

### ABOUT THE PAINTINGS AND ARTIST

Self-taught Artist Ken Browne's paintings surpass mere landscapes; they embody "inscapes" that merge external environments with internal emotions. Crafted through a process of layered abstraction, his work invites viewers to join him on an emotional journey.

Ken skilfully balances the intentional composition with spontaneous marks, capturing happy accidents that become integral to his technique. Browne's paintings weave together "the elements of land, sea, and sky, forming a sense of place without the use of specific locations." As shadows linger in the depths of his artwork, there's a darker edge that adds a profound depth to the abstract landscapes, resonating with the artist's personal experiences and emotions.

Browne's creations are profound expressions that bridge the outside and inside worlds, allowing viewers to traverse his emotional landscape while navigating their own. The exhibition promises a captivating exploration of art that goes beyond the canvas, encapsulating the essence of a journey through both external terrains and internal depths.
