

PANORAMA

CLINK!

It is with great pleasure that we present to you our Montenotte beverage experience and we welcome you to explore our extensive international wine list, locally brewed stouts, decadent cocktails, and of course, our very own, bespoke Montenotte Gin.

With our wine list we would like to invite you to take a journey around the world with our beautiful Grower Champagnes from France and sustainable wines stretching from Argentina to Italy.

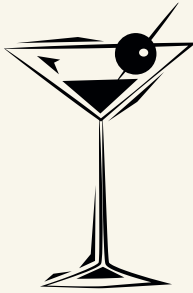

Wine is an ever-changing industry. We aim to keep our menu as exciting and relevant as we possibly can and we would therefore love your feedback on the selection!

Our team take great pleasure in talking about our wines and would be delighted to answer any questions you may have. We have arranged our wine selection by country of origin and region of production. We have also highlighted wines produced by organic, biodynamic and vegan viticulture.

Wine is a gift from nature and sometimes nature surprises us. As such some wines may not be available temporarily. The vast majority of our producers are small family run estates.
